4.3.1 – University frequently updates its IT facilities including Wi-Fi, Email and Internet Facilities are given to Faculty and students with universityal ID's

Keeping in view the myriad changes taking place in the world of information technology, Panini university has always been on the forefront of update and upgraded its IT facilities in terms of providing modern classrooms, high speed internet, latest software, installation of sophisticated equipment. The university frequently updates its IT facilities. The role of technology in our day to day life cannot be denied. Therefore the university upgrades its technological facilities from time to time. Wi-Fi is provided on campus for the use of students, teachers, and staff.

During the difficult times of Covid 19, the internet became the means of communication between students and teachers. University teachers made the best use of the technology in their teaching process at that time. Teachers have the knowledge and skills to use new digital tools to help all students achieve high academic standards. ICT has enabled better and swifter communication; presentation of ideas in an effective and relevant way. It is an effective tool for acquiring information from multiple sources to help students to enhance their knowledge database.

The University has a Wi-Fi Enabled Campus which helps the teachers and students to stay connected to the internet and learn and teach the updated information. The University has ICT Enabled Classrooms which help in the e-learning process. Some teachers share power point presentations which are very useful for the students. Technology has now become the necessity of everyday life. The University spends sufficient budgetary provisions to update its IT facilities.
